Imperial Universal Tractor Hydraulic Fluid

Description:

- UNIVERSAL TRACTOR HYDRAULIC FLUID

Typical Applications:

- Imperial Universal THF Fluids are formulated for use in transmissions, hydraulic systems and final drive of modern farm and industrial wheel and crawler tractors.
- Imperial Universal THF Fluids are acceptable for use in systems that require oils meeting John Deere J20C, Caterpillar TO-2, MTO, Oliver Type 55, Case Corporation JIC-143, 145, MS 1206, 1207, 1209, 1210 (TCH), Massey-Ferguson M1135, 1141, 1143, White Farm Equipment Q-1826, Allison C-4, Kubota UDT, Ford New Holland ESN-M2C134D, FNHA-2-C-201 and International Harvester B6, Volvo WB 101 specified oils.

Physical Properties:

Specific Gravity @ 60 °F	0.8793
Density, lbs/gal	7.3
Viscosity at 100 °C, cSt	9.3
Viscosity at 40 °C, cSt	59.0
Viscosity Index	136
Flash, (PMCC) °C	>180
Pour Point, °C	-35
